Logging into your Chromebook (Student Version)
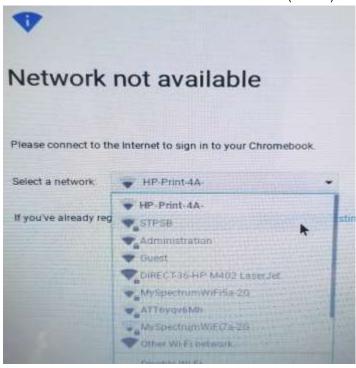

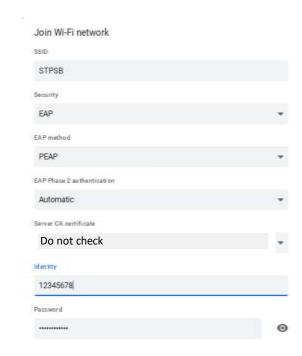

1. Select a Wi-Fi network to connect to (STPSB)

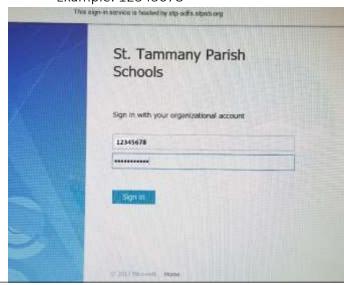

2. Input your student ID and password to connect to STPSB (the same login you use for your computer) Example: 12345678 (<u>Select Do Not Check under Server CA Certificate if connecting for the first time</u>)

3. Click "NEXT" to be directed to the STPSB sign in screen

4. At the STPSB sign in screen, enter in your St. Tammany Parish student ID and password (the same login you use for your computer) Example: 12345678

During set up, you will be prompted to select the wifi two times. The first time is to set up the wifi. The second time is to log in to your account. To access Google Classroom, you will need to visit Google.com. Google Classroom can be found by clicking on the waffle icon. Your teacher will provide you with the class code for your course.
